I can be reached at 509-574-1209, my direct line. The main office line is 574-1200. I've got it on my calendar. Thanks

Paul

Subject: RE: Teleconference Request-Ashue Road

I've heard from EPA, Yakama Nation, and Yakima County and nearly everyone can make the teleconference set for **Tuesday, July 16 from 10:30-12:00.** Dave will not be available, but he will have Paul McIlrath represent the county.

Loretta and Paul, please send me the phone numbers you would like us to call and we will conference you in next week. Thank you to all for fitting this in.

Jeff

Subject: Teleconference Request-Ashue Road

Dave, Loretta:

At our last meeting in Toppenish months ago, we requested the PRPs to propose a plan to remove the debris at the Ashue Road property. Since then, deadlines have come and gone and we have not received a plan of any kind to move forward. As a result, EPA has conceived a plan to conduct an EPA-lead limited removal action and further assessment. We would like to schedule a teleconference with you to discuss this proposal, any alternatives, and/or any updates you may have. I believe we will be in a position to execute this plan in the next several weeks assuming several factors, including your support. I have reserved Tuesday, July 16 from 10:30-12:00 for the teleconference. Please let me know (soon, please) if this date/time will work for you and your respective colleagues.
